

Dear Sir,

The Universidade Federal de Minas Gerais – UFMG is organizing the “Eighth International Conference on the Science and Application of Nanotubes (NT07)”, to be held from 24th to 29th June, 2007, at Centro de Artes e Convenções of Universidade Federal de Ouro Preto.

Since its conception in 1999, the Conferences about carbon nanotubes (NT) look for offering an instigating environment in order to exchange the most common information in the dynamic field of research involving the carbon nanotubes.

In the early years, the number of registered participants exceeded twice the planned capacity. We expect to receive more than 400 participants for NT07 in Brazil. The carbon nanotubes area has rapidly developed from an effervescent research field to a concretization of innovations in products and processes of nanotechnology. This area has a priority for investments in many countries. The NT congress has been a forum chosen by the most renowned researchers and for all involved community with carbon nanotubes for a discussion of the challenges and conquering of this area. The active environment of the professionals that work with carbon nanotubes is a consumer of materials and advanced techniques and is also able to catch resources of many financing agencies.

In this opportunity, we are pleased to invite you to participate as an exhibitor at NT07, in which we attach the stands map and you may find below the stands' price and the basic assembly:

6 sqm stand price	R\$ 3.000,00 (2R\$ = 1U\$)
-------------------	----------------------------

- gray carpet floor;
- divisor walls in formic covered panels with white finishing on both faces;
- aluminum beam roof;
- 1 spot of 100 watts for each 2 sqm;
- 1 common socket for each stand of 110 v 250 watts, without grounded phase;
- the energy will be distributed with cables of 10m/m and wire 2 1/2m/m in 3 phases and neuter.

Identification stands plates:

- 30 cm of height by 1 m of length;
- 2 phases in white structural formic;
- letters in helvetic, 5 cm or 7 cm size with until 20 letters.

Basic furniture for each stand:

- 1 table with 4 upholstered chairs.

In confidence of your interest in participating at NT07, we request you to inform to the Executive Secretariat – ÉTICA Eventos, e-mail: etica@uaivip.com.br or phone number (55 31 3444-4794, as soon as possible, the number of the stand of your preference, government licenses, address and the name of the legal representative of the company, in order to be arranged the contract of the stand acquisition.

Regards,

Profa. Dra. Glauro Goulart Silva
